Recovery Capital Conference
Sponsorship Request

Dear Community Partner,

RecoveryPeople is a nonprofit that promotes peer and family led recovery from substance use issues and related mental health. We will be hosting 4 regional conferences across Texas in 2020, reducing the financial and logistical barriers to the local recovery workforce. Also, there is no cost to attend the conference as to increase access for the Peer workforce and other community members.

Below are the dates for each of the 4 areas in 2020:

Austin: February 21-22

Midland: April 17-18

Houston: June 19-20

Dallas: August 7-8

We hope to be able to host these regional conferences each year in different areas of Texas.

Friday we will have a Recovery Ecosystem panel and several CE workshops with topics ranging from leadership and professional development to recovery oriented systems of care. Saturday will be our Recovery House Manager Training. I have attached a conference packet to help give a better idea of what we are putting together.

The conference link is: www.recoverycapitalconference.org

Here are the basics:

- The conference will be 2 days- Friday and Saturday
- We are expecting **~55+ people to attend Friday** and at least **25 on Saturday**.
- Friday we will have a panel and several CE workshops. Saturday will be our Recovery House Manager Training. See attached schedule
- We are planning to provide coffee, water, snacks (and hopefully lunch) for both days.
- 4 levels of Sponsorship are available

To ensure that we can provide these conferences to the community at low to no cost, we are relying on sponsorships from our community partners, members and stakeholders to help fill in the financial gaps.

Attached you will find our sponsorship information, conference schedule and flyer. Would your organization be interested in being one of our community sponsors? We would love any support your organization can give.

Please let us know if you have any questions by emailing our conference coordinator at elizabeth.henry@recoverypeople.org

Best regards,
Elizabeth Henry

2020 Recovery Capital Conferences

What is “recovery capital” and what does the conference hope to accomplish?

Recovery Capital refers to the strengths and supports – both internal and external – that are available to a person to help them initiate and sustain long-term recovery from addiction. Recovery Capital can involve such things as a person’s skills and attributes, family and social connections, physical and mental health, a safe place to live, employment and education, and community affiliation. In assisting people to achieve their recovery goals, it is often helpful to help them assess and build their Recovery Capital. The Recovery Capital Conference brings together people in recovery, family members, and allies from diverse communities and organizations to create a strength-based framework of Recovery Capital through shared learning and community-building activities.

Who is organizing the Conference?

RecoveryPeople is empowering and mobilizing peers across Texas through workforce, leadership and infrastructure development activities, including the Recovery Capital Conference. As a grassroots network, RecoveryPeople supports the development of peer-led coalitions.

Sponsorships are now open!

It takes an incredible amount of resources to offer free learning and community development. Sponsorship comes in many forms. If you or your organization would like to support your community and be a conference sponsor, please take a look at the attached form to see what different levels of sponsorship offer.

Please contact Elizabeth Henry at elizabeth.henry@recoverypeople.org for more information.

Recovery Capital Conference

RecoveryPeople is excited to announce that we have teamed up with our Community Partners across the State and have set the dates for the 2020 Recovery Capital Conferences. Stay tuned for more information regarding registration, speakers and trainings. This 2-day conference is offered without expense to reduce barriers for participation.

Our Mission

RecoveryPeople supports peer-led recovery by: connecting people, communities and resources, building the capacity of recovery workforce and support services, and shaping recovery policy and program development.

Conference Topics

Current areas of focus for 2020

Current areas of focus are Recovery House Manager training; Peer-focused CE's including Ethics and Leadership Development, Motivational Interviewing, Cultural Competence, Co-Occurring Disorders; Workshop on Building and Elevating Recovery Oriented Systems of Care; Wellness Planning; and a Recovery Ecosystem Peer Panel to kick us off Friday morning.

Please contact Elizabeth Henry at elizabeth.henry@recoverypeople.org for more information on how you can support your local peer workforce.
